## Boat Trial

*The Winner – Donny!!*

The Boat Trial held on Saturday 12<sup>th</sup> September was an outstanding success. 80 people and 12 boats participated in a test of mental agility and navigational skill. The crew on Halcyon 6 won the overall event only one point ahead of the crew from Reel Cross. Reel cross won the observation section, Debut-tu won the Trivia section and a tie between Kaos and Kirona for the navigation section. It was good to see two boats representing the Anchorage attending (Lucky j and Mikkel ) we hope to see them at future events. The weather for the presentation with the BBQ afterwards was fantastic.

- Someone was seen swimming at the rear of their boat on A6 after the Greek night out. He was not drunk, we think he was trying to catch something to eat as the meal at Aqua Blue left a lot to be desired.
- One of the Committee was seen swimming at the rear of the Commodores boat at 7pm after the AGM. Can't tell who it was but we didn't know that moths could swim! It has been rumoured the incident could have been caused by excessive use of "Snappy moth killer" that a previous commodore was seen supplying in generous amounts.
